Adobe Photoshop Express **\*\*Adobe Photoshop Express\*\*** is very similar to Adobe Lightroom. It's also a central, easy way for you to store and organize your images and share them with friends and family, but it's a little different. It's designed to serve as an adjunct to your on-the-go lifestyle, and because it's for the iPhone and Android devices, it doesn't have as many bells and whistles as other Windows and Mac programs.

Music Carnegie Hall hosts "Songs of Leonard Cohen" A legend in Canadian culture and song has his concert debut in the birthplace of classical music, in New York City. On Sunday, Sept. 27, at 8 p.m. Carnegie Hall hosts "Songs of Leonard Cohen," a world tour of the famed Canadian singer-songwriter, with a string section arranged by pianist, composer and conductor, James Bushen. Cohen has maintained a somewhat reclusive lifestyle, only traveling to Ireland and northern Europe for brief visits in the past decade. He is now 53 years old. Many fans have waited years to hear him sing again. "In Europe they tell me that I have an audience of tens of thousands," he once joked. "[In Canada] I was watching the 6 o'clock news and they had my name on it." Cohen has been dead for many years, but his music remains as timeless as ever. One of his most well known songs, "Hallelujah," was named after a German word used to describe weeping, or the sindhu, a Hindu term for springtime showers. This song portrays his personal journey from frustration, as well as love, growing up in Montreal. The song was covered by Leonard Cohen and others, and shows how successful he has been as a songwriter. Another of his singles, "Bird on a Wire," is one of the most well known songs in a long career of writing original music. "I think it's possible that he is the most influential songwriter for people today," said Elizabeth Ostrow, Associate Conductor of the San Francisco Symphony. "He makes you think, he makes you move. He is the poet laureate of the heart, when it comes to melody. And he understands the language of poetry very well. I think that's what we bring back to it." The San Francisco Symphony is one of the few orchestras that perform his music regularly. "What people take away from these concerts is a sense of sorrow and beauty and how sorrow and beauty are really intertwined," Ostrow said. Cohen has been a part of the artistic life of the world's greatest musical stages for decades, but he hasn't had the opportunity to perform in New York until now.

Intrapartum primary cesarean section: frequency and caesarean section risk. To describe the frequency and caesarean section risk of intrapartum primary cesarean sections for five tertiary level hospitals in the province of San José, Costa Rica, and to compare these findings with other intrapartum obstetric series. A retrospective descriptive study was performed including all births occurring between January 2000 and December 2003. Fifty-three thousand one hundred thirty-three births were analyzed. The frequency of intrapartum primary cesarean sections was 23.5%, with a tendency for a progressive increase over the years (2000: 14.8%; 2001: 26.7%; 2002: 30.7%; 2003: 25.4%; P=.03). Preeclampsia, maternal age  $\geq$  35 years, preterm labor, and cesarean section for dystocia were independent risk factors. Neonatal morbidity was 19.3% and a significant increase was observed, with 86.5% of neonatal deaths occurring in this group (2000: 51.7%; 2001: 83.5%; 2002: 91.4%; 2003: 100%; P or = 35 years, and cesarean section for dystocia were associated with an increased risk of primary cesarean section for dystocia. Adverse neonatal outcomes were the highest risk factor for primary cesarean section for dystocia. Cesarean section for fetal malpresentation and nonreassuring fetal status were the most frequent reasons for secondary cesarean section.
